Description of the Program:

In order to contribute to the Departments mission and Program outcomes, a guest Lecture is organised in our campus premises to bring awareness about advance technology for our under graduate students and faculties of Electronics and Communication Engineering Department.

The guest lecture was felicitated by the Principal and welcome address was given by Head of the Department. The topic of the Guest Lecture is "**Internet of Things**".

Mr. Vijayan Ekambaram ,Lead Engineer -IT Service Desk and Mr.Cooper India had delivered the lecture about Internet of Things. He explained the different stages of Implementation along with the prototyping , and final design. Then, he gave a brief overview, how it is a useful for the career path of the students and in their research. The students got awareness in the areas of Internet of Things and implementation.

The faculty and students of Electronics and Communication Engineering, have actively participated in this session by expressing their doubts and got clarified.
